DNMEG_V5T_PCIE

Errata Notification

Product Name: DNMEG_V5T_PCIE
Product Number: 501-0169-0000
Last Updated: 2 April 2009
Author: Roy Rodgers

Although the Dini Group has made every effort to ensure the highest quality, the following hardware errata have been observed:

Products Affected

- DNMEG_V5T_PCIE Rev 1
- DNMEG_V5T_PCIE Rev 2

Hardware Errata Details

Daughter Card Header signals, "DC_B2p22" and "DC_B2n22" are connected to the incorrect polarity on the FPGA (U21), see signals highlighted below:
